

	Team: P20068 - The Conundrums					
	Evaluator: Art North					
	Josh Abrams	Mehmet Koksal	Yasha Pavlovskiy	Irfan Punekar	Sofia Quinones	Hannah Van Fleet
Overall team member performance. Consider aspects like quality and quantity of work, ability to meet deadlines, willingness to work with others, and willingness to take on responsibilities. <b>Note that the typical score should be a 3. A score of 5 is outstanding and a score of 1 is poor.</b>	5	4	4	4	3	3
Comments: Please provide at least one plus or strength that each individual brings to the team.	Keeps team on schedule	Contributed a lot to motor testing	Helped out with testing and troubleshooting motor issues	Good PCB work	Good job managing test plan	Good job managing the purchases we need
Comments: Please provide at least delta or area for improvement that each individual can take action on to improve overall team function.	Actually delegate more	Be more consistent with meetings	Be more protective of equipment	Communicate when you are having trouble attending a meeting	Get more involved with weekly goals	Get more involved with testing
poor	1					
needs improvement	2					
performs as expected (should be typical response)	3					
above the level of the rest of the team	4					
outstanding - use as an example for future students	5
