

**Team:**   P21389   **Engineer:**   Owen\_Straub  

**What were the outcomes of the prior phase?**

1. What did I plan to do?
  - a. I planned to finalize the design of the systems electronics.
2. What did I actually do?
  - a. I finalized those designs.
3. What did I learn? How were plan and reality different?
  - a. A lot of work goes in to making sure parts will work together and complete the objective of the project.

**Team level goal for next phase**

Next phase we will finalize the test plans, track new risks and finalize the design materials before beginning prototyping.

**What do I plan on doing to ensure that my team has a successful review at the end of the next phase?**

Task	Time Estimated
Finalize the MSDII schedule with team.	1 hour
Set goals for each team member.	2 hours
Finish test plans.	2 hours
Continue prototyping electronics.	Indefinite time
Update Risk assessment.	1 hour

**What is standing in my way of meeting my next phase goals?**

The long summer break could prove fatal to the teams work ethic when returning in the fall.
