Subject: Kudos for Jane Student in Microbiology

When you send an alert to a student, the system will generate a standardized email directly to the student from your email address.

Dear Jane,

Your name (as it appears in SIS), the student's name, and the name of the course are auto-populated in the email.

Your instructor, Stephanie Bauschard, has noticed your performance is improving in this course and wants to encourage you to keep working hard and seek help and resources as needed to be successful in this course.

Your personalized comments to the student(s) will be shown in the 'Instructor comments' section of the email. You can add comments in a survey or when using the 'Raise Flag' function.

Instructor comments:

Your grade on the most recent test was a B. Keep working hard and your grades will reflect your effort!

The academic alert system is made available to students, advisors and instructors through the division of Academic Affairs. It is designed to help you succeed at RIT by connecting you with support and resources. If you have questions about the Starfish system, please contact us at starfish@rit.edu
