

Frequently Asked Questions

How do I determine what QOS I can submit to on the tropos cluster?

Really, you can't. Please send an email to rc-help@rit.edu and ask. We'll make a user-facing tool to find this information for you in the future.

How do I copy my code and input files to Research Computing systems?

Please see the document on *File Management - Getting your files to and from RC systems*.

I have a dropbox account. Can I use it with Research Computing?

Yes, please see the document on *File Management - Getting your files to and from RC systems*.
