

Feature Requests of interest to the RIT Community

Help us promote feature requests submitted by and of interest to the RIT community.

Please take a moment to read about [feature requests](#) and make an account with the D2L Community so you can vote on ideas to help bring them to the vendor's attention for consideration! Every vote counts and helps advance our interests!

If you have submitted a feature request to D2L, provide the title and the link for your idea in an email to [Academic Technology Support](#) and we will add it here.
