## myCourses Help and Resources

myCourses is the course management system of the Rochester Institute of Technology. The course management system allows instructors and students to interact and access course materials online. A variety of tools are available to instructors to promote interaction and provide resources for the students in their courses.

- Game-Based Learning product and services
- Interactive Assessment Tools
- Lessons
- Manager Dashboard
- Seating Charts / Locations

## RIT Documentation and Information

The sidebar links lead to any RIT specific documentation, frequently asked questions, and known issues for myCourses at RIT.

## Third-Party Integrations with myCourses

For information and documentation on publisher and third-party products integrated with myCourses at RIT, please review our page: [Third-Party Integrations](#)

The use of third-party integrations in courses is at the discretion of the instructor with the understanding that many of these of these tools have support and documentation provided by their publisher, not RIT's Academic Technology Support. Most third-party integrations are not actively monitored by RIT's Academic Technology Support and may be subject to unexpected changes or service interruptions from their publishers.

## System Status

Visit [System Status and Maintenance](#) for additional information regarding scheduled maintenance and how to stay up to date with myCourses.
