## Where do I find due dates? When are graded activities due?

Due dates can be found in all courses:

- On the course outline (listed in your local time zone)
- On your Progress page (listed in your local time zone)

In addition, some courses may put due dates:

- On a dedicated course Schedule page (listed in UTC time, [convert to your local time](#))
- At the top of the page for each quiz/assignment (listed in UTC time, [convert to your local time](#))

All times listed are in 24-hour time formatting (often called "military time") so 12:00 is noon and 00:00 is midnight.

Also be aware that your country may observe Daylight Savings Time (DST) during the run of this course, so the time that UTC converts to in your local time zone could change partway through the course. We recommend [converting both the date and the time](#) for each date listed. Be sure to submit your graded quizzes and assignments well before the due date to avoid any missed or lost points.
